

A sad story of Love and Madness.  
Outside of Fayette County, where the prophet was held in high, but not blameless repute, being "in his own country," the name of Clay has ever been a sacred one in Kentucky, and to name him has been to quote lovingly, "Wherever freedom found a votary, that votary met in him a champion. When Greece, the classic land of Greece, the fountain of refinement, the birthplace of eloquence and liberty and of poetry; when Greece awoke from the long slumber of ages and beat back the faded recollections to its native East; when Macedonia recalled to mind the feats of her conquering boy, and the Spartan struck for the land that bred him, then the voice of Clay rolled over the waters of the blue Atlantic as a greeting from the New World to the Old. But hushed is that voice whose every tone was music," and so on till the disclaimer was over. Such being the esteem in which the sage of Ashland was held in the hearts of his countrymen the people of his Commonwealth have been slow to speak to strangers of the skeleton in his household, though in the homes of the State the sad story has been a household word.

Yesterday morning, our special telegrams announced the end of a weary life in stating that Theodore, eldest son of Henry Clay, had died in the Lexington Lunatic Asylum, after a long confinement. The record of his blasted life is briefly thus:  
At thirty years of age, Theodore Clay was a promising lawyer. He was the image and the hope of the statesman whose fame was on every tongue. It is true that there were whispers of wild living and of indifferent morals, that somewhat tinged the fair repute and even darkened the future prospects of this scion of a noble house. Still it was hoped that these were but the results of youth, and would be cast aside when circumstances called upon the matured man to assert himself and make his talent felt in the community.  
It was at this turning point in his life that Theodore Clay began to pursue, with an unwearying perseverance that caused his friends great uneasiness, a young lady of Lexington, whom he had long loved hopelessly. The object of his attachment, who is at the present moment one of the brightest ornaments of Kentucky society, repulsed, firmly but kindly, every attention offered by the infatuated young man, after his meaning had become manifest. It was of no use; he would not be refused, and followed his fair fate in the streets by day and wandered in the neighborhood of her home by night in an annoying manner, until at last it became evident that he "was not all there"—to use the soft phrase by which a kindly peasantry expresses insanity.

Subsequent violent demonstrations tended to confirm the impression, it being even related that he went to the house of Mr. — and demanded his daughter at the pistol's point, until at last the wretched truth could no longer be ignored and confinement in the asylum became a stern necessity. This was accordingly done, (in 1832, we believe), his father providing for his support at that time, and leaving \$10,000 in his will, the income from which was secured to Theodore for life. That life, after thirty-eight years of imprisonment in what in the earlier days of his confinement he was wont to call "a good boarding house, but having some of the biggest fools he ever saw as boarders," has just closed. For nearly thirty years he was one of the most noted of the inmates, not only his proud descent, but his graceful manners and flow of conversation rendering him an object of interest to all visitors. He labored under the hallucination that he was George Washington, and was fond of assuming the traditional attitudes of the Father of his Country. At the occasional balls given to the inmates, (averaging some 500 in number,) he was always exquisitely dressed in the style of his day, and was the beau par excellence.  
During all these long years, despite his general gentleness and cheerfulness of manner, he was restless and discontented, and required close watching, it never, in fact, having been considered prudent to allow him to go out into the grounds without attendants. About the year 1860 his condition began to grow worse, and he soon after became demented, continuing in hopeless idleness until a few days since, when death, greater healer than time, placed him again upon an equality with the peers of his early manhood who had gone before him to the God that created him and did with him according to His inscrutable will. And so ends a sad story as the truth of history ever commanded to be written.

Two sons of Henry Clay yet survive him—T. H. Clay, ex-Minister to Honduras, now residing on his place, "Mansfield," near Lexington, and John M. Clay, the raiser of Kentucky and one of the greatest turfmen living.

**DR. A. L. SCOVILL** is the inventor of several medical preparations which have become very popular, and have been liberally used. Among his inventions are "HALL'S BALM FOR THE LUNGS" and "LIVERWORT AND TAR." For the past six years a better Lung remedy has been offered to the public. Read the following letter from Dr. Scovill, referring to it:  
"Messrs. J. A. Selby & Co.—GENTS: I make the following statement from a perfect conviction and knowledge of the benefits of ALLEN'S LUNG BALM in curing the most deep-seated PULMONARY CONSUMPTION! I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs, and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption. It causes the plegm and matter to rise, without irritating the delicate organs, (the Lungs), and without producing constipation of the bowels. It also gives strength to the system, stops the night-sweats, and changes all the morbid secretions to a healthy state. Yours respectfully, A. L. SCOVILL.

## HEINITSH'S

**QUEEN'S DELIGHT**

As a Family Medicine.

**It Stands, and Will Forever Stand**

**FIRST** in the estimation of the people, because it has withstood the searching tests of the Physician and a discriminating public, and whatever survives this trial must be established on a sure, firm foundation.  
**A SPRING AND SUMMER MEDICINE.**  
A known and recognized remedy among all people. Thousands attest its worth as a Medicine.

**Heinitsh's Queen's Delight**

Is a substitute for Calomel and Mercury. It acts by its vegetable principle as an alternative upon the Liver and Stomach, promoting the secretion of bile, and then directing it in its proper channel for the nutritive purposes of digestion. For Bilious Disorders, Bilious Colic, Bilious Fever, Typhoid Fever, Chills and Fever, in fact all fevers, are prevented by using Queen's Delight.

It cures Liver Complaint, and all Hepatic Disorders, Dyspepsia, Stomach Complaint, Scrofula, King's Evil, Cancerous and Indolent Tumors, White Swellings, Mercurial and Syphilitic Sores, Old Sores, Swelled Legs, Boils, Carbuncles, Eruptions, Gout or Swelled Neck, Enlarged Glands, Rheumatism, Blotches, Erysipelas, St. Vitus' Dance, Dropsical Swellings, Salt Rheum, and all Skin Diseases, and Humors in the Blood, Inflammation of the Kidneys, Bladder, Pains in the Back and Sides, Asthma, Consumption, Bronchitis, and all diseases which may be traced to bad blood; and for every female, such as Suppression, Irregularity, Whites, Sterility, Uterine Dropsy, &c.

**SKIN DISEASES.**  
It has been prescribed in a great variety of Cutaneous Affections, and found successful in curing Salt Rheum, Tetter, Boils, Blotches, Pimples, Scald Head, Erysipelas, Moleworts, Itchy Skin, &c., and for Diseases of the Throat, Nose and Ears, and from the Kidneys and Urinary Passages, Leucorrhoea, &c.

**INVIGORATOR OF THE LIVER.**  
As a Liver Invigorator it is of inestimable value. As a stimulant, it is safer and surer than all the rum and whiskey tonics of the day, and if you value your life and health a little, avoid those quickening stimulants to the grave, and use the Queen's Delight.

**DEBILITY.**  
There is no medicine equal to the Queen's Delight in cases of Debility. It imparts a tone and vigor to the whole system, strengthens the appetite, causes an enjoyment of food, enables the stomach to digest it, purifies the blood, gives a good, sound, and healthy complexion, eradicates the yellow tinge from the eyes, imparts a bloom to the cheeks, and changes the patient from a short-breathed, emaciated, weak and nervous invalid to a full-faced, stout and vigorous person.

**NERVOUS DEBILITY**  
Generally accompanies Liver Complaint or Dyspepsia, and is frequently produced by continual constipation. The symptoms are, fluttering at the heart, a choking sensation, when in a lying posture, dots or webs before the sight, fever and dull pain in the head, constant imaginings of evil, and great depression of spirits.

**HOW IT AFFECTS THE MIND.**  
Persons afflicted with this disease are generally annoyed by occurrences of no moment, which would not, in a state of health, give them any uneasiness. The Queen's Delight will soon relieve the unpleasant effects of this distressing affliction.

Be sure and ask for HEINITSH'S QUEEN'S DELIGHT; the new remedy, with new principles. No Sarsaparilla in it; that has been tried and found wanting. It is not a fermented and sour combination of herbs. It is all a Whiskey beverage, or Gin compound, to intoxicate, nor is it a Rum Bitters, to ruin your health and lead to a more fatal disease, drunkenness. But a health and life-giving Medicine, called simply "Heinitsh's Queen's Delight."

The great success, and the unparalleled popularity of this medicine bespeak for it the highest praise for the inventor. Prepared only by  
E. H. HEINITSH, Druggist,  
And for sale by Druggists everywhere.

## "BAD BLOOD."

"THE LIFE IS THE BLOOD."

FROM it we derive our strength, beauty and mental capabilities. It is the centre of our being, around which revolves all that makes existence happy. When this source is corrupted, the painful effects are visible in many shapes, prominent among which is  
**SCROFULA.**

This is a taint or infection of the human organism, and probably no one is wholly free from it. It exhibits itself in various shapes—as Ulcers and Sores, Decayed Bones, Dissected Scalp, Sore Eyes, Weak and Diseased Joints, St. Vitus' Dance, Foul Discharges from the Nostrils, Eruptions, Glandular Swellings, Throat Affections, Rheumatism, Heart Affections, Nervous Disorders, Barrenness, Disorders of the Womb, Dropsy, Syphilitic Affections, Liver Complaint, Salt Rheum, Dyspepsia, Neuralgia, Loss of Manhood and General Debility.

It has been the custom to treat these diseases with Mercury and other Mineral substances, which, though sometimes producing a cure, often do more harm than good, and injure the system. The late Dr. Heinitsh, a philosopher has led the philanthropist man of science to explore the arena of nature, the result of which has been the discovery of vegetable products which possess the power of radiating these taints from the Blood.
